Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: As per telephonic interview conducted 7/14/2004, applicant's representative admitted teaching of elements a and b of Grinsyein and argued that the third element of claim 1 concerning shading the map units of the neighborhood map are taught differently through Grinstein. which changes the shading by general characteristics of a radial area. The examiner responded that the area can be a single component which fairly reads on the claimed limitations of the cited portion of the claim..
